TIPS FOR USING BRAINPOP

USERNAME:

PASSWORD:

BrainPOP Technical Requirements

All you need is an Internet connection, a Web browser (**Internet Explorer** or **Netscape**) and the **Flash Player**. There is no additional software to install. If you do not already have it, Flash can be downloaded at:

<http://www.macromedia.com/go/getflashplayer>

Screen Setup

BrainPOP is best experienced when you set your monitor resolution to **1024 x 768**. This can be set in your computer's control panels or system preferences.

BrainPOP Sign-in

Click the **SIGN IN** button on the home page. Enter your username and password (case-sensitive), and then click OK. That's it! If you don't have a username and password yet, take a moment to sign up with us. It takes about a minute, it's free, and it unlocks certain features on BrainPOP.

Watch Movies Full Screen

Once you have logged in, click on the **ZOOM** button below and to right of the movie frame. The movie will play in a larger window that can be viewed by your entire class.

Features

- Click the Home Page **Category Buttons** to see the complete list of topics available.
- Each movie begins with a ten-question **Quiz**. The quiz can also be taken after the movie to reinforce learning.
- Pause and repeat segments of movies with the movie's **Control Panel**.
- Most topics also contain an **Experiment**, a **Timeline**, an **Activity Page**, a **How-to** and a **Comic Strip**. experiments and activity pages can be printed for homework.
- Each Topic includes a map of links to **RELATED TOPICS**.

Using BrainPOP in the classroom

Use BrainPOP to introduce topics and give an overview, to review topics, as a break from text-based learning, as an integrated part of text-based learning...the list goes on!
